

Sharing Language Resources

<http://www.elra.info>

ELRA is the driving force to make available Language Resources (LRs) for Human Language Technologies (HLT) and to evaluate such technologies. To achieve this goal, ELRA carries out a wide variety of activities:

- ➔ **Identification & Distribution of LRs**
- ➔ **Production & Validation of LRs**
- ➔ **Technology Evaluation**
- ➔ **Information Dissemination on HLT**

Special focus

ISLRN - International Standard Language Resource Number

provides LRs with unique identifiers using a standardized nomenclature

<http://www.islrn.org>

ELRA Catalogue

more LRs added in the catalogue every year

<http://catalogue.elra.info>

ELRA Data Management Plan (DMP)

includes requirements from the General Data Protection Regulation (GDPR)

Contact us for details

LREC is the International Conference on Language Resources and Evaluation initiated and organized by ELRA

2022 LREC, the 13th edition: 20 - 25 June 2022, Marseille, France
