

## Meet the team!

The Embedded AI Lab was created in 2019. Since then 12 freshly graduated excellent Data Scientists have joined this great team, re-enforced with 2 experiences experts. We are proud to represent the Schlumberger spirit with a perfect gender balance and enjoying 11 different nationalities. In 2021 we are 22, including 5 wonderful interns.

## Learn and grow with the AI projects!

1 Project  
+  
1 Domain Expert  
+  
1 Data Scientist  
=

The Embedded AI Lab members are data science teachers and solvers. They will be exposed to real business problems, they will be assigned in tandem with experts from the business to work on tangible, meaningful business challenges.

## Share knowledge with communities!

We are committed to sharing our AI knowledge to boost the digital industry transformation and contribute to the academic research communities. We organize AI Demystification courses, tech talks, and hackathons for Schlumberger employees across the world. We also contribute to university teaching, publish research papers and cooperate on academic projects. Most importantly, we care about equality in AI. Schlumberger was the first company to sign the Women & AI Charter for fair AI.

## Chat with us virtually!

- Meet our “artificial” hosts near the booth:
  - June 28 13:30 - 14:00 | Maxime Marlot
  - 17:30 - 18:00 | Paul Malige
  - June 29 13:30 - 14:00 | Myriam Amour
  - 17:30 - 18:00 | Maxime Marlot
  - June 30 15:30 - 16:00 | Paul Malige
  - July 1 10:00 - 10:20 | Myriam Amour

- Take a “café break” in our virtual office:
  - 13:30 - 14:00, from June 28<sup>th</sup> to July 1<sup>st</sup>
  - <https://play.workadventu.re/@/slb/casualtalk/office>
